QUAECUMQUE VERA

THE UNIVERSITY OF ALBERTA

DATA BOOK 1983-84

by

B. Pinchbeck

The Office of Institutional Research and Planning
1-16 University Hall
The University of Alberta
Edmonton, Alberta T6G 2J9

September 1984

ACKNOWLEDGMENTS

The authors are indebted to the following analysts within the Office of Institutional Research and Planning who assisted in the preparation of the Data Book:

W. Bryan
B. Cairns
H. Gahr
K. Kelloway
D. Quigg
S-C. Siaw

and for data entry to:

A. Floreani.

LIBRARY
UNIVERSITY OF ALBERTA

PREFACE

The format of this eleventh edition of The University of Alberta Data Book is similar to that adopted last year. It contains information only at the level of the total university and faculty or support department. Information concerning faculty departments occurs in Data Book Faculty Supplements. A separate Supplement contains detailed information on support departments. These changes were made in order to provide the most appropriate information to particular users. Graphical interpretations and the research section have been expanded.

Distributions of Grades and GPAs are not included in the Data Book, but they will be available upon request.

On campus, the Data Book is distributed to persons and offices such as the Board of Governors, the Senate, the President and Vice-Presidents, all Deans, Associate Deans and Department Chairmen, senior committees of General Faculties Council, the Library, the Students' Union and the Graduate Students' Association. It is also widely distributed to various off-campus organizations.

I wish to express my appreciation to all staff members, both in IRP and other offices, for their insightful and willing assistance in the preparation of the 1983-84 Data Book. I particularly wish to acknowledge the work of Dr. Brian Pinchbeck who has put a great deal of thought into analysis and presentation. He was ably assisted by all other IRP staff members.

Any suggestions for improvements to the Data Book will be welcomed.

E. A. Holdaway, Ph.D.
Director

DEFINITIONS

The sources of the definitions are The University of Alberta Calendar, the Office of the Registrar, the Office of the Comptroller, Personnel Services and Staff Relations, the Planning Office of the Vice-President (Facilities and Services), the Associate Vice-President (Academic Administration), the Associate Vice-President (Research) and the Office of Institutional Research and Planning.

DEFINITIONS

SESSIONS

Winter Session -- The academic session of approximately eight months duration consisting of First Term (1 September to 31 December) and Second Term (1 January to 30 April).

Off-Campus -- For students living outside the Edmonton area, courses are offered in the Off-Campus program on weekday evenings or on Saturdays. Such courses are offered in selected centres throughout central and northern Alberta.

Spring Session -- The academic session of approximately six weeks duration consisting of a First Term and a Second Term from the first week of May to mid-June.

Summer Session -- The academic session of approximately six weeks duration consisting of a First Term and a Second Term from the first week of July to mid-August.

STUDENTS

All student-related statistics are determined at specific times for each session:

Winter Session - 1 December
Spring Session - 23 May
Summer Session - 14 July

Intramural Students -- those students who are attending The University of Alberta at Edmonton or any of its off-campus centres.

Extramural Students -- those students who, although not attending The University of Alberta at Edmonton or any of its off-campus centres, are permitted to take one or more courses by correspondence or directed study.

Undergraduate Students -- those students who are enrolled in a faculty other than the Faculty of Graduate Studies and Research. These students fall into one of two categories:

a. Full-time Students -- those students who are assessed full fees on the basis of registering in the equivalent of three or more half-courses in a given term.

b. Part-time Students -- those students who are assessed less than full fees on the basis of registering in the equivalent of one or two half-courses in a given term.

Graduate Students -- those students who have been admitted to the Faculty of Graduate Studies and Research. They are designated as full-time or part-time students by that Faculty according to their workload of courses and/or research.

Special Students -- those students who have been permitted to register in one or more courses, but who are not officially enrolled for credit in a degree or diploma program at this or any other institution.

Visiting Students -- bona fide undergraduate students of other universities or colleges, who have been permitted to register in one or more courses for transfer of credit to their own institutions which have agreed in advance to such arrangements. (Visiting Graduate Students are called Exchange Students.)

Unclassified Students -- are adult students registered in selected credit courses but who are not committed or admitted to a degree or diploma program.

Probationary Students -- those students who have been admitted (or permitted to continue) on a probationary basis, because their previous academic record is deficient in some respect, below the standard ordinarily required, or difficult to assess.

Provisional Candidate For A Doctor's Degree -- All Ph.D. and combined M.D.-Ph.D. students are first admitted as Provisional Candidates, and reclassified as Candidates only when certain requirements relevant to the degree have been met.

Candidate For A Master's Degree
Category A: one who is a graduate of a four-year degree program continuing in the same field (equivalent of an honors degree or degree with specialization at The University of Alberta).
Category B: one who is a graduate of a four-year degree program, specializing for the first time but not requiring a qualifying year.

Qualifying Graduate Students -- students whose records are not consistent with full admission into the Faculty of Graduate Studies and Research. Normally, these are individuals who either hold a three-year Bachelor's degree in the appropriate field or hold a four-year degree but are seeking admission into a completely new field of studies.

Degree -- the title officially conferred upon a student for the successful completion of a given curriculum or program.

Diploma -- a certificate awarded to a student upon successful completion of a program of studies. A diploma is distinct from a degree in that it does not affect the title that the individual may properly assume.

Post-Graduate Diploma -- a certificate awarded to a student upon successful completion of a program of studies in the Faculty of Graduate Studies and Research.

Enrolment -- A full-time student enrolled in a program offered by a faculty generates one full-time enrolment for that faculty; a part-time student generates one part-time enrolment.

COURSES

All course-related statistics are determined at specific times for each term in each session:

Winter Session - 1 December; 1 April
Spring Session - 12 May; 5 June
Summer Session - 13 July; 10 August

Course -- organized subject matter in which instruction is offered within a given period of time. Credit towards graduation or certification is given for "Credit" courses. ("Non-Credit" courses carry no such commitment on the part of the University.) Course types are: lecture, seminar, laboratory (or some combination of these), independent study, clinical experience, research and/or development project, design project, internship, practicum, field school, field trip. (A course is counted in each term in which it is taught.)

Level of a Course -- either the level of academic sophistication at which instruction in an academic specialty may be offered, or the level of a student to whom a course is primarily directed.

Seminar -- instructional activity distinguished by relatively small registration and considerable group discussion. Some lecture courses may involve seminar sections, where the lecture group is divided into smaller groups.

Laboratory (LAB) -- instructional activity which requires special purpose equipment and/or student experimentation or observation.

Course Registration -- one student registered in one course. A student registered in a half-course is counted as one; a student registered in a full-course is counted as two registrations, one for each term. A student enrols in a degree program; he/she registers in courses.

Section of a Course -- a group of students which meets together for one of the above types of instructional activity. Large courses are generally subdivided into two or more sections which meet at different times and/or different places. A single course may have different sections defined for different types of instructional activities (for example, lecture and laboratory sections.)

Average Section Size -- the average class size being supervised by teaching staff. The calculation is:

$$\text{Average Section Size} = \frac{\text{Total Number of Course Registrations}}{\text{Total Number of Sections}}$$

Average Section Sizes are calculated for Lectures, Seminars and Laboratories only.

Weekly Student Hour (WSH) -- the unit of measure which represents instruction given to students during each week for a given term.

WSH = the number of approved hours of instruction per week of a section of a course
×
the number of students registered in the section.

Weekly Contact Hour (WCH) -- the unit of measure which represents the time spent by teaching staff instructing courses each week for a given term.
WCH = the number of approved hours of instruction per week of a section of a course
×
the number of instructors present in the section.

Note: The WSH-WCH for each course are assigned to the teaching department even though the course may have been taught by a staff member in another department. This means that ratios such as WSH/FTE faculty may be in slight error.

a. Lecture Sections -- although two instructional staff members may share lecture responsibilities for a section of a course during a term, only one can lecture at any one time, so "one instructor" normally is used in the calculation of WCH for those sections.

b. Seminar Sections -- seminar sections are often subdivided into smaller discussion groups, and because two or more instructors are often jointly involved in the same seminar the WCH calculation normally allows for the actual number of staff.

c. Laboratory Sections -- for similar reasons, the WCH calculation for labs is handled in the same manner as for seminars.

d. Lecture-Laboratory Sections (LCL) -- when sections are defined as LCL, and no further breakdown is specified, the WSH and WCH are arbitrarily split into 2/3 lecture and 1/3 lab.

e. Laboratory-Lecture Sections (LBL) -- when sections are defined as LBL, and no further breakdown is specified, the WSH and WCH are arbitrarily split into 1/3 lecture and 2/3 lab.

GRADES

The grading system consists of nine grades; 9 & 8 = excellent, 7 & 6 = good, 5 & 4 = pass, 3 = conditional, 2 & 1 = fail.

A grade of 3 for a course will be accepted by a faculty only if warranted by the overall academic record, while a 4 is the minimum requirement for admission to a senior course.

The minimum passing grade for an undergraduate degree is 4, while a 6 is required for a graduate passing grade.

Grade Point Average -- The grade point average is calculated using numeric grades and first attempts only, as follows:

a. grade points = student's grade x weight factor of course

b. grade point average = sum of grade points / sum of weight factors

STAFF

All staff-related statistics for the academic year are determined during the December payroll period.

Full-Time Equivalent (FTE) -- The determination of full-time academic workload in a particular department, and the conversion of part-time duties into FTE, is the responsibility of the department chairman.

Caution: Because changes may occur occasionally in methods of classification and calculations, e.g. means of calculating FTE Staff, readers are cautioned that some data may not be directly comparable from year to year.

Academic Staff

a. Teaching Faculty:
   1. all those persons whose full-time employment is governed by the Board - AASUA Agreement -- Faculty. Such persons (Full-Time Regular Faculty) either have tenure or probationary appointments which can lead to tenure. This classification includes Professors, Associate Professors, Assistant Professors and Lecturers.
   2. all those persons whose employment is governed by the Rules and Regulations Governing the Employment of Full-Time Temporary Academic Staff. Such persons have appointments with definite terms.
   3. all those persons whose employment is governed by the Rules and Regulations Governing the Employment of Part-time Academic Staff. Such persons usually have term appointments but under certain circumstances tenure may be involved.

b. Faculty Service Officers (FSO) -- all those persons whose full-time employment is governed by the BOARD - AASUA Agreement -- Faculty Service Officers. Such persons either have continuing appointments or probationary appointments leading to continuing appointments.

c. Administrative and Professional Officers (APO) -- all those persons whose full-time employment is governed by the Board - AASUA Agreement -- Administrative and Professional Officers. Such persons either have continuing appointments or probationary appointments leading to continuing appointments.

d. Librarians -- all those persons whose full-time employment is governed by the Board - AASUA Agreement -- Librarians. Such persons either have tenure or probationary appointments which can lead to tenure.

Faculty Service Officers, Administrative and Professional Officers, and Librarians may be employed under the full-time temporary or part-time regulations above. Student Counsellors are covered under the Teaching Faculty regulations (see a. above).

Academic Trust Staff -- all those persons employed to assist and/or to collaborate with the principal researcher on a specific research project. They are not governed by any formal University of Alberta regulations. This classification includes Research Associates, Research Assistants and Post-Doctoral Fellows.

Graduate Assistants (GA) -- all those persons enrolled in the Faculty of Graduate Studies and Research proceeding with their graduate programs and paid to carry out either of the following functions:

a. **Teaching (GTA)** -- teaching duties including the preparation of teaching or laboratory assignments, instructing in laboratories or the equivalent and the grading of essay assignments or laboratory reports;

b. **Research (GRA)** -- research duties consisting of working for the department or staff member on a research project(s), the results of which may or may not be used in their theses.

A full-time GA is a full-time graduate student holding a Graduate Assistantship which requires twelve hours per week of teaching or research duties. GA's with smaller workloads have a reduced FTE.

Non-Academic Staff

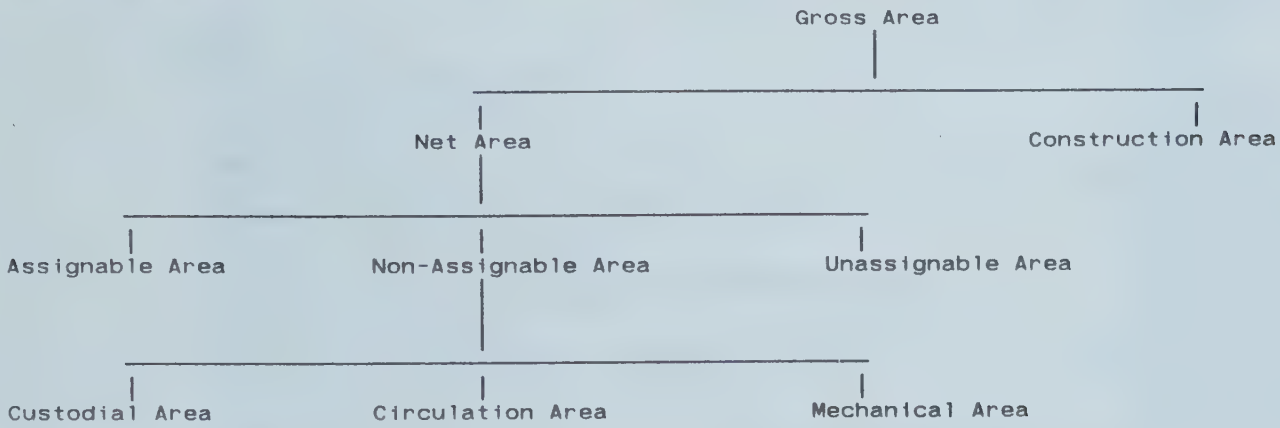
a. Bargaining Unit Employees -- all employees for whom the Non-Academic Staff Association of The University of Alberta is the certified bargaining agent and who are included in one of the following categories:
   1. Full-Time Regular Monthly Salaried -- such persons occupy an established position and work 35, 37.5 or 40 hours per week.
   2. Part-Time Regular Monthly Salaried -- such persons occupy an established position and may work from a minimum of 15 hours per week to a maximum of 25 hours per week.
   3. Recurring Term -- such persons work on a full-time or part-time basis for two or more specified terms in the same position. Each term is specified for more than eight months and fewer than ten months.
   4. Term -- such persons work a regular weekly schedule on a full-time or part-time basis for a specified term for more than three months and fewer than twelve months.
   5. Hourly -- such persons are paid an hourly wage rate and work a minimum of 60 hours per month for a minimum of two consecutive months. Hourly positions are not established positions and are not continuing in nature.

b. Non-Bargaining Unit Employees -- all employees who are not represented by a certified bargaining agent; they are included in one of the following categories:
   1. Full-Time Equivalent Trust -- such persons are employed on a full-time regular basis for one year or more and are paid from Trust Funds.
   2. Part-Time Equivalent Trust -- such persons are employed on a part-time or indeterminate basis for less than one year and are paid from Trust Funds.
   3. Non-Academic Split Appointments -- such persons are employed on a full-time or part-time basis and are paid jointly from Operating and Trust Funds.
   4. Confidential Exclusions -- such persons are employed on a full-time regular basis and are paid from Operating Funds.

SPACE

Gross Area -- the sum of the floor areas within the outside weatherface of exterior walls for all stories or areas which have floor surfaces and are heated. This category excludes open courts and light wells, portions of upper floors eliminated by rooms or lobbies which rise above single floor ceiling height, or floored surfaces with less than two metres clear head room that cannot be properly designated as assignable, mechanical, circulation or custodial areas.

All other categories of building space are contained within gross area, as indicated by the figure:



Construction Area -- that portion of the Gross Area which cannot be put to use because of the presence of structural features of the building including exterior walls, fire walls, permanent partitions and usable areas in attics, basements or comparable portions of a building.

Net Area -- the sum of individual floor areas included between the interior surfaces of walls and partitions of all rooms and other definable spaces. Net Area includes Custodial, Circulation, Mechanical and Unassignable Areas as well as Assignable Areas.

Assignable Area -- the sum of all areas on all floors of a building assigned to, or available for assignment to an occupant. It includes the following types of space: offices, classrooms, laboratories, seminar and conference rooms, libraries, file rooms, storage rooms and special purpose spaces.

Unassignable Area -- that portion of the Net Area unassigned at the time of a facilities inventory because of the condition of the space. Unassignable Area includes inactive, alteration or conversion and unfinished areas.

Non-Assignable Area -- the sum of all Net Areas not assigned to a functional or assignable category at the time of a facilities inventory or audit because of the nature of the space. Non-Assignable Area is the sum of Custodial, Circulation and Mechanical Areas.

a. Custodial Area -- the sum of all areas on all floors of a building used for building protection, care, maintenance storerooms, lunch rooms, etc.

b. Circulation Area -- that portion of the Net Area which is required for physical access to a sub-division of space including corridors, "phantom" corridors in large unpartitioned areas where public access is involved, elevator shafts, stairs and stair halls, lobbies, vestibules, public washrooms, but excluding aisles which are normally used for circulation within offices or working areas.

c. Mechanical Area -- that portion of the Net Area designed to house mechanical equipment, utility services, and non-private toilet facilities including air duct shafts, boiler rooms, fixed mechanical, telephone and electrical equipment rooms and fan rooms.

FINANCES

Fiscal Year -- is the period for which the University regularly prepares financial statements - 1 April to 31 March of the following year.

Operating Fund -- is a set of accounts for the routine operations of the University (which are not accounted for in either the Capital or Trust Funds) financed by government grants, student fees and other general revenues. The Operating Fund includes current assets, current liabilities, appropriated surplus (reserves) and unappropriated surplus.

Operating Expenditures -- are the costs for goods delivered or services rendered, whether paid or unpaid, attributable to the routine operations of the period. Mortgage principal and interest repayments are considered operating costs of Ancillary Departments. Provisions for equipment replacements are also operating costs of Computing Services and Ancillary Departments. Operating Expenditures for 1983-84 are categorized under the headings:

Operating Budget -- is the budget for the routine operations of the University. The Operating Budget, as it is presented in this Data Book, is not directly comparable to Operating Expenditures because "central" budget contingencies are not allocated to departments.

Conditional Grant (CG) -- The term "conditional grant" applies to either a government grant for a specified term for a program which may eventually be covered by the regular operating grant or a grant for which special accounting is required. "Conditional grants" have been assigned by the Comptroller as a major account 32.

Capital Fund -- is a set of accounts for the costs of fixed assets (including capital assets initially charged to the Operating Fund or Trust Fund) financed by government grants, donations, other capital revenues and borrowed funds. Land, buildings, plant and buildings under construction are recorded at cost; furnishings and equipment, including the cost of library books purchased through the Operating Fund, are recorded at cost less proceeds of disposal. The Capital Fund includes capital receivables, fixed assets, long-term debt, capitalized expenditures and unexpended funds.

Capital Expenditures -- are the costs for goods delivered or services rendered, whether paid or unpaid, which result in the acquisition of fixed assets.

Trust Fund -- is a set of accounts for the costs of sponsored research and trusts of a general, restricted or endowed nature. The Trust Fund includes current assets, investments, current liabilities, endowments and unexpended funds.

Trust Expenditures -- are the costs, on a cash basis, of goods and services, excluding investment purchases for sponsored research and other Trust Fund activities.

Consumer Price Index (CPI) -- Compiled by the Alberta Bureau of Statistics, this CPI for May is an annual index for Edmonton with 1981 as the base. It is an all-items index averaged from the Edmonton indices for the following items: food; housing; clothing; transportation; health and personal care; recreation, education and reading; tobacco and alcohol.

1979: 80.7 (8.9)* 1980: 88.9 (10.2) 1981: 100.0 (12.5) 1982: 110.8 (10.8) 1983: 117.2 (5.8)

* Percentage increase over previous year.

RESEARCH

Research Grants -- The principal purpose of a research grant is to support research of particular interest or relevance to an individual or a department. It is characterized by a minimum of restrictive conditions and formal contractual obligations, and is somewhat flexible in time and allocation of resources. Grants are usually awarded either to individuals (or groups of individuals) or to institutions on their behalf, in response to individual or group initiative. The general terms and conditions established for such awards are not negotiable.

Research Contracts -- The principal purpose of a research contract is to purchase specific research services or expertise. A research contract is characterized by specific terms of reference--it is time-limited; it is subject to review and audit; it reserves for the awarding agency specific rights as to the title, use and publiction of the report. All items in a contract are negotiable, subject only to the outside limits established by University and government policies. An overhead charge is usually applied by the University.

Central Research Funds (CRF) -- A fund, under the authority of the Vice-President (Research), whose purpose is to contribute to the growth of The University of Alberta as a research univeristy of international stature. It is comprised of five components: a general fund, an NSERC fund, a SSHRC fund, a medical fund, and an AHFMR fund. The University Research Awards Committee administers the awards on the basis of individual merit.

Support for the Advancement of Scholarship Fund (SAS) -- A component of the Endowment Fund for the Future (EFF), this research fund is intended to support those faculties which do not have access to large funding agencies such as NSERC and MRC. These include the larger faculties of Arts, Business, Education, and Physical Education, and the smaller faculties of Extension, Home Economics, Law, Library Science, Nursing and Saint-Jean.

Research Grants/Contracts Awarded -- These include research grants and contracts for which notice of an award has been received by the Office of Research Services. Awards for the following categories are not included: studentships, fellowships, research scholars, study leave, visiting lecturers/professors, travel, publication, or conferences/workshops/symposia.

The Space Master file maintained by the Facilities Planning Office was extensively revised in 1983-84.

FINANCES

Most tables in this section have been derived from the Financial Statements, an annual document produced by the Office of the Comptroller. More detailed information is available in that document.

This section was compiled by D. Quigg.

TABLE 7.1
OPERATING FUND REVENUE AND EXPENSE
($ IN 000'S)

REVENUE	1979-80	1980-81	1981-82	1982-83	1983-84
Government of the Province of Alberta					
Operating Grant	120,344	134,250	153,216	177,184	187,433
Supplementary Grant	-	-	-	1,450	3,150
Less payment to colleges	(167)	(187)	(226)	(353)	(421)
Sub-total	120,177	134,063	152,990	178,281	190,162
Conditional Grants	2,526	1,270	3,099	4,035	5,733
Library Grants	-	920	920	-	-
Department of Agriculture	-	-	-	39	68
Sub-total	122,703	136,253	157,009	182,355	195,963
Government of Canada	570	-	-	-	-
Sub-total	123,273	136,253	157,009	182,355	195,963
Fees					
General	12,341	13,504	14,547	19,138	21,742
Special	169	180	256	397	634
